

AASISH S

ENGINEERING STUDENT

SUMMARY

I am an adaptable Computer Science student with a passion for AI, media editing, and full-stack development. I leverage technical tools and multilingual communication to deliver efficient, creative digital solutions. My skills in software mastery and rapid learning enable me to effectively solve complex problems and produce high-quality work in various projects

CONTACTS

 aasishs101@gmail.com

 Palakkad

STRENGTHS

- **Media Editing**
Proficient in PicsArt, Lightroom, and Alight Motion for professional photo and video production
- **Software Mastery**
Expert in navigating complex software functions and optimizing digital workflows for maximum efficiency
- **AI Proficiency**
Advanced user of Generative AI and prompt engineering for accelerated problem-solving and content creation
- **Rapid Learning**
Proven ability to quickly master new technologies, tools, and technical frameworks

EDUCATION

Good Shepherd College of Engineering and Technology

08/2023

BE Computer Science and Engineering

PROJECTS

Hackathon Platform

Hackathon Platform project

- Developed an interactive local web directory for animal species and biological classifications
- Structured a clean user interface using HTML for easy navigation of species data
- Integrated Java and Python to manage data organization and background logic

SKILLS

Fast Learner · Gmail · HTML · Java · Python · Lightroom · Video Production
